

Product Change Bulletin

This bulletin is strictly informational, no action is required

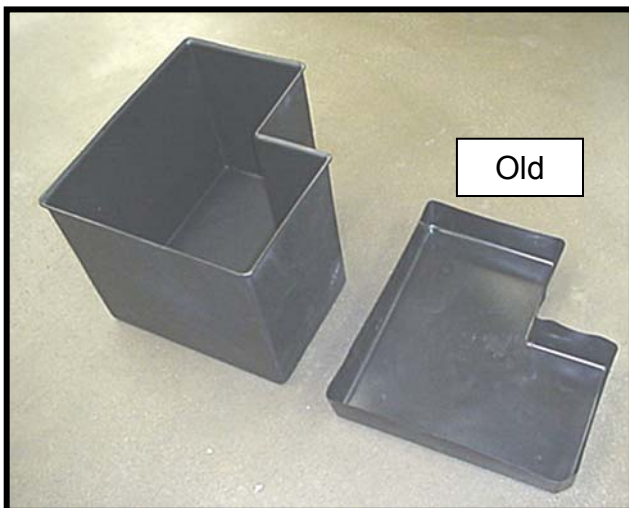

Starting in July of 2004 our 2000, 3000, 290, and 34 Series machines were built using a full capacity battery tray. The new battery tray has a drain hose attached to the bottom and can contain the full contents of the batteries.

**2000 Series Battery Tray
New Part Number 21-0000**

**3000 Series Battery Tray
New Part Number 32-0000**

**290 Series Battery Tray
