May 4th, 2020

THIS BULLETIN SPERSEDED BULLETIN(S):

None

MODELS AFFECTED:

NANO EDGE AC Domestic SN 5N112497 & Greater
NANO EDGE AC Int (excl. Japan) SN 5N112609 & Greater

MACHINE SYMPTOMS:

None

SCOPE OF BULLETIN:

New base machine configuration

MATERIALS REQUIRED:

None

REVISIONS:

We have changed the standard build of our NANO EDGE AC units. They now include a few things that used to be add on options such as: Trigger assembly and Carry Strap.

A - Trigger Assembly: Aids in user ease when operating the machine for long periods of time.

B - Carry Strap: Installed into the base of machine aids users in moving equipment from place to place.

C - Plastic Clip (in lieu of Metal) & Cord Strain Relief: Allows for quieter operation and reduces potential cord strain.
